STEPPING UP...

AN ONLINE COURSE FOR STUDENTS BEGINNING
A LEVEL RELIGIOUS STUDIES

Online Course
With Charlotte Vardy

Summer 2022
Launches 1st June

www.candleconferences.com

“Stepping Up” is Candle Conferences’ unique online transition-course, designed specially for students preparing to start A Level Religious Studies in June 2022. Developed and presented by Charlotte Vardy, a highly experienced teacher of A Level Religious Studies, the course aims to introduce students to three “big questions” which underpin the whole A Level course and support students in developing the study skills they will need in a fun and challenging way. **Units include...**

1. Introducing A Level Religious Studies
2. What does it mean to say “God exists”?
3. Is murder always wrong?
4. What is Christianity?
5. Study Skills
6. Writing your first essay

Each of the six units comprises a series of short videos, accompanied by a sequence of activities for students to complete.

Students can work through the course at their own pace; each student will receive their own login details, which provide access to the videos through a secure page of our website from 1st June until the new academic year begins in September 2022, as well as a .pdf transition-pack to download and fill in.

- The filled-in transition-pack will demonstrate not only completion of the course, but comprehension and the level of effort students have put in to preparing for A Level... all useful information for teachers in September.

The course ends with recommendations for further reading and suitable enrichment and extension activities. No prior-knowledge will be assumed, so the course will be accessible whether or not students have taken GCSE Religious Studies.

“Thank you so much for a great webinar yesterday evening. Student feedback was very positive and they really enjoyed the quizzes built within the live webinar.”

“Thank you very much indeed for sharing this link, the handout and delivering a superb webinar. It is much appreciated...”

“Thank you for the webinar last Thursday. My students found it really helpful to go over the content in detail.”
